BIOLOGICAL RESOURCES

*Shatalin V. A., Abramov A. L., Selezneva M. V., Zaitsev V. F.,
Suknev D. L., Vizer A. M., Balatsky P. S., Tsapenkov A. V.,
Kabiev T. A., Shipovalov L. A., Dorogin M. A., Pozdnyak I. V.*

Evaluation of size and impact of amateur fishing and illegal, unreported, unregulated fishing on state of stock of aquatic biological resources in main commercial reservoirs of Novosibirsk, Omsk, Tomsk and Kemerovo regions 4

ECOLOGY

Merkushina G. A.

Iron and manganese content in surface waters of Tyumen region 13

Minina L. M., Mushakov D. V., Loginov V. V., Krivdina T. V.

Spatiotemporal distribution of chlorophyll *a* in middle river section of Cheboksary reservoir in summer according to Landsat 8 satellite data 20

FISHERIES AND AQUACULTURE

Matkovskiy A. K., Kochetkov P. A., Terentyev I. A., Prilipko N. I.

Determination of catching factors of minnow seines to account for the number of young whitefishes in floodplain fish nurseries 35

*Egorov E. V., Abramov A. L., Vizer L. S., Suknev D. L., Zaitsev V. F., Interesova E. A.,
Shatalin V. A., Sharuha Yu. V.*

Challenges and prospects for the development of whitefish farming in Novosibirsk region... 56

Ivanekha E. V., Duma L. N., Recoubratsky A. V.

Use of microsatellite analysis to assess the genetic variability of the Amur sazan 69

Ukhov A. N., Litvinenko A. I.

Incubation of rainbow trout eggs in the conditions of recirculation system 76

PARASITOLOGY

Strelkova O. V., Ivanenko A. M.

Evaluation of the parasitic purity of frozen sea fish sold in the retail network of Krasnodar 85

Rules for authors of Bulletin of Fisheries Science 94
