

CONTENT

BIOLOGICAL RESOURCES

- Matkovskiy A.K.*
The use of normalized size ranges for determining fish abundance
and selectivity of fishery..... 4
- Matkovskiy A.K.*
Possibility of using approximate natural mortality rates
in the probabilistic cohort model..... 21
- Litvinenko A.I., Boyko E.G., Korentovich M.A., Razova L.F.*
The history of studying *Artemia*'s benthic cysts 31

ECOLOGY

- Bubunets S.O., Bubunets E.V., Zhigin A.V.*
The aquatic environment of park ponds in Moscow — the source of accumulation
of heavy metals in aboriginal ichthyofauna..... 41
- Karygina N.V., Popova E.S.*
Dynamics of hydrocarbon concentrations in fish
of North-Western Caspian sea regions 50

FISHERIES AND AQUACULTURE

- Ostroumova I.N., Shumilina A.K., Lyutikov A.A.*
The impact of fish food storage time
on fractional and fatty acid composition of lipids in whitefish liver..... 60
- Krokhalevskiy V.R.*
Summary results of the institute's research activities for a period of 55 years
(from 1963 till 2018)
First Report. Siberian Research Institute of Fisheries — Siberian Research and Design
Institute of Fisheries (from 1963 till 1980) 68
- Rules for authors of Bulletin of Fisheries Science..... 96
